

The benefits of dollar cost averaging

Investing \$1,000 each month

	Investment amount per month	Unit price	Total number of units purchased	End value
Dollar cost averaging over 12 months	\$1,000	Avg \$6.32	1900	\$19,000
Investing only at beginning of period	\$1,000	\$10	1200	\$12,000
